## ***UKRENERGY project***

### **Overview**

The event represents what should be the penultimate coordination meeting of the UKRENERGY project, in the framework of the Erasmus+ KA2 CBHE program. The meeting is aimed at assessing the results obtained in the period April 2025 - March 2026, discussing the current activities, and strengthening the partnership teambuilding.

Focus will be on the check of the deliverables to achieve until the deadline of the project, updated to November 2026, paying specific attention to the following issues:

- ✓ procedures related to the buying of equipment in benefit of the Ukrainian HEIs,
- ✓ implementation of the Master Study Programmes and related teaching activities,
- ✓ further development of the dissemination actions,
- ✓ undergoing project activities to quality control and monitoring by the Evaluation Board.

*The meeting, as well as the whole project mobility plan, is hosted by an EU University because of the serious situation occurring in Ukraine since 24th February 2022, that has prevented the Ukrainian HEIs to host mobility flows. In such a way, the project resources have been exploited as much as possible, also to ensure a most effectiveness to the project coordination and to foster the partnership teambuilding.*

*In order to enlarge as much as possible the participation to the event, the following online links by the Teams platform have been set-up:*

- **Day 1, Monday 16<sup>th</sup> March 2026, h 15:30**
